

## **ADVANCED GRADE LEVEL PLACEMENT GUIDELINES**

Orderly progression of students from one grade level to the next is advocated. However, by special recommendation of the teacher and principal and with parental consent, a student may be considered for advancement to a higher grade level. Such recommendations will be referred to the Assistant Superintendent of Instructional Services who with the Supervisor of Student Services will arrange testing and other evaluation procedures, determine appropriate placement and submit the decision to the Superintendent for approval. Parents will be notified regarding final decisions relative to advanced placement.
