

## **YES SIR/YES MA'AM POLICY**

In an effort to meet the mandates of Senate bill 1098 in a positive educational manner, character education units will be incorporated in grades K-10. The skills taught will be integrated and reinforced across the curriculum throughout the year. To help resolve individual social skills deficits that may lead students to non-compliance with the law, communications with parents, social skills sessions by the counselors, or assignment to Behavior Clinic may be used as a consequence. No school may provide suspension or expulsion as an appropriate punishment for violation of the mandates.

**Note:** By 2006-2007, this provision should apply to all students, grades K-12.

Adopted: 10/6/99

Revised: 06/15/05
