1st Grade Math

Module 1: Sums and Differences to 10

Math Parent Letter

This document is created to give parents and students a better understanding of the math concepts found in Eureka Math (© 2013 Common Core, Inc.) that is also posted as the Engage New York material which is taught in the classroom. Module 1 of Eureka Math (Engage New York) covers Sums and Differences to 10. This newsletter will discuss Module 1, Topic D.

Topic D. Strategies for Counting On

Things to Remember!

Students will focus on the skill of counting on. Remember to find the larger number first.

$$5 + 2 = ?$$

Keep 5 in your head, and count on.

OBJECTIVE OF TOPIC D

- Count on up to 3 more using numeral and 5-group cards and fingers to track the change.
- Count on to find the unknown part in missing addend equations such as $6 + \underline{\quad} = 9$. Answer, "How many more to make 6, 7, 8, 9, and 10?"

Focus Area– Topic D

Strategies for Counting On

Count on and add.

$$\boxed{3} + \boxed{4} = \boxed{7}$$

There are 7 flowers all together.

Draw more apples to solve $3 + ? = 7$.

$$\boxed{3} + \boxed{4} = \boxed{7}$$

I added 4 apples to the tree.

Use count on to solve $5 + ? = 7$

I counted on 2 so the answer is 2, $5 + 2 = 7$
